## Jim-Gem® Increment Borers

7924

Extract wood cores from trees, freshly treated poles, lumber, or timber to easily determine quality, growth rate, age, tree soundness, and chemical penetration. The steel borer bit is PTFE-coated for reduced friction as well as protection against rust and resin. Back threading allows for easy backing out of wood. The reinforced borer handle is color-coated for added visibility, protection, and a secure grip. The core extractor is constructed of stainless steel. Includes borer bit, handle, and extractor.

### SUUNTO® Suunto® Tandem Global Compass/Clinometer

2274

Combines a liquid damped precision compass and clinometer in one compact, rugged aluminum housing. Clinometer is graduated in percent and degree (0-90°, 0-150°) in 1°/1% increments; compass is balanced for global use with an azimuth scale (0-360°) graduated in 1/2° increments with the option of declination adjustment (20° East and West). Both capsules are individually calibrated. Engraved inch scale and cotangent/cosine tables to 45. Includes threaded tripod socket, case and lanyard.

<b>NEW</b> 22" Deluxe Spring Brace Lawn Rake 8851	<b>NEW</b> Five-Tine Manure Fork 8852	<b>NEW</b> Mud Shovel 8855	<b>NEW</b> Hollow Back Shovel 8856	<b>NEW</b> Hollow Back Drain Spade/ Sharp Shooter Shovel 8849
22" W lawn rake with 22 tines. 54" L fiberglass handle with vinyl grip.	Features five 12-1/2" L forged steel oval tines with an overall 9" W spread. 46" L fiberglass handle with double-dip grip.	Ideal for use in wet soil or damp clay. Holes in the blade of this shovel allow mud and clay to release easily while excess moisture is drained away. The holes also decrease the surface area of the hollow back blade to make it extra lightweight. 47" L fiberglass handle with double-dip grip.	Hollow back blade is stamped from a single piece of steel and features forward turned steps. Reinforcing metal collar at the neck. 47" L fiberglass handle is attached with a single rivet and features a double-dip grip.	Hollow back blade is stamped from a single piece of steel and features forward turned steps. Reinforcing metal collar at the neck. Fiberglass handle is attached with a single rivet.
